

CAYMAN ANIMAL HOSPITAL

Evacuating for the Storm?...

If you wish to travel off Island with your pet

- All animals intending to travel will require a veterinary health certificate to be issued by your veterinarian.
- Your pet is required to attend an appointment with you for a full physical examination to have the health certificate issued.
- In order to return to the Island, your pet must have a microchip, current rabies vaccine certificate and a current rabies blood titer test.
- All animals intending to return to the island within 14 days of departure will be de-wormed and have 'Frontline' applied in the office visit.
- *Animals who leave the island without a current rabies vaccine certificate & blood titer test* **WILL NOT BE ALLOWED TO RETURN TO CAYMAN FOR AT LEAST 6 MONTHS! – There are no exceptions to this rule.**
- You will need to provide a destination street address in the country that you are traveling to – a hotel will suffice. You will also need to provide information of all vaccinations given within the last 12 months and have a passport sized photograph of your pet with you.
- Your health certificate will be emailed to department of agriculture for approval. You will need to drive there to pick up the official exit permit. You do not need to take your pet there. The department of Agriculture is located at the 'Market at the Grounds' site, 1 mile from the Countryside Shopping Village in Savannah.
- Please confirm with your selected airline that it is 'OK' for your pet to travel with you!

Modern veterinary medicine...old fashioned care
